

Schedule of Supports

Doeboe Care Pty Ltd — schedule of supports and pricing (2026)

About this schedule

This Schedule of Supports forms part of, and is read together with, your Service Agreement with Doeboe Care Pty Ltd (ABN 71 647 122 423, NDIS Registration ID 4-G3YCA9H). The Service Agreement sets out the terms of our working relationship; this Schedule sets out the specific supports we have agreed to deliver, how often, and the indicative cost.

This is a blank, fillable template. Doeboe Care completes it with you before supports begin, and we review it together whenever your needs, goals or NDIS plan change. Nothing in this Schedule reduces your rights under the NDIS Act 2013, the NDIS Practice Standards, or the National Disability Insurance Scheme rules.

How to read this schedule

- The reference table lists the supports Doeboe Care is registered to provide and their indicative hourly, per-kilometre or per-trip rates.
- The agreed-supports table is where we record the supports you have chosen, how often you will receive them, and the estimated weekly cost.
- Indicative rates are a guide for planning. The exact rate charged is the rate that applies on the day of service under the current NDIS Pricing Arrangements and Price Limits, and will never exceed the NDIS price limit for that support item.
- All dollar amounts are in Australian dollars and are inclusive of GST where GST applies. Most NDIS supports are GST-free.
- Estimated weekly and total costs are planning estimates only. You are charged for supports actually delivered.

Notes on pricing

- All rates are set in line with the current NDIS Pricing Arrangements and Price Limits (the NDIS price guide) and do not exceed the applicable NDIS price limit for each support item.
- The NDIS price guide is updated by the NDIA, usually each year. When limits change, the rates in this Schedule are updated by agreement and the new rate applies from the effective date.
- Higher rates may apply for supports delivered in the evening, at night, on weekends and on public holidays, where the NDIS price guide sets a higher limit for those times. Where a higher rate applies, it is charged in line with the price guide and does not exceed the relevant limit.
- Travel and transport are charged in line with NDIS rules. This may include provider travel time to and from the participant (charged at the applicable support rate for the eligible portion) and transport of the participant under the Transport Assistance item, charged per kilometre or per trip as agreed.
- Where a support is delivered to a group, the cost is apportioned across participants in line with the NDIS price guide, which is why group-based rates are lower than one-to-one rates.
- Claims are made against the correct budget category in the participant's NDIS plan (Core, Capacity Building, or as applicable to the support item).

Cancellations

- If you need to cancel or reschedule a support, please tell us as early as you can by phone on 0469 059 068 or email at info@doeboecare.com.au.
- Doeboe Care applies the short-notice cancellation rules set out in the NDIS Pricing Arrangements and Price Limits. A cancellation is short notice if it is made without the notice period required by the current price guide, or if the participant does not attend within a reasonable time of the agreed start.
- Where a short-notice cancellation occurs, Doeboe Care may claim the agreed support price from the participant's plan, in line with, and up to the limit set by, the NDIS rules. We do not charge more than the NDIS rules allow.
- We monitor cancellations and will talk with you if a pattern of cancellations is affecting your supports or your plan budget, so we can adjust the Schedule together.

Review

- This Schedule is reviewed at least once during the Agreement period, and sooner if your needs, goals, circumstances or NDIS plan change.
- Either you (or your representative) or Doeboe Care can request a review at any time.
- Any change to the supports, frequency or rates in this Schedule must be agreed by both parties. Agreed changes are recorded in an updated Schedule, signed and dated, which replaces the previous version.
- If we cannot reach agreement, the supports continue under the current Schedule until the Service Agreement is ended in accordance with its terms.
